

## Anti-Bribery and Corruption (ABC) policy

It is the policy of G2 Ocean to prohibit bribery and other corrupt conduct in any form or shape, including facilitation payments\*. Bribery and kickbacks involving government officials, customers, suppliers and other counterparties in the commercial marketplace are specifically prohibited.

Accordingly, neither G2 Ocean nor any person or company working in or on behalf of G2 Ocean may, directly or indirectly, offer, promise, pay, give or authorize any financial or other advantage, or anything else of value, to any other person or organization, with the intent to exert improper influence over the recipient, induce the recipient to violate his or her duties, secure an improper advantage for G2 Ocean or improperly reward the recipient for past conduct.

Likewise, no G2 Ocean employee, person or company working in or on behalf of G2 Ocean may request, agree to receive, or accept anything of value from any other person as an inducement or reward for violating your job or his or her duties to G2 Ocean or in exchange for an improper benefit.

G2 Ocean commits to:

- Complying with all applicable anti-bribery laws;
- Implementing an Anti-Bribery and Corruption management system to monitor and to manage its effort to combat all forms of bribery and corruption, and
- Continually review and improve the Anti-Bribery and Corruption Management System.

Even if the above in the short term may lose us business, our reputation for integrity is much more valuable for us and is a cornerstone of our relationship with customers, partners and other stakeholders.

*\*Facilitation payment is payments in cash or kind for speeding up or getting services rendered from officials who you are legally entitled to, often referred to as "grease payments".*
